

Maths 	Reading 	Writing 	Science 	PSHE 	History/ Geography 
<p>This half-term, the children will continue to master the skills of multiplication and division as they learn how to multiply and divide 3 digit numbers using formal written methods.</p> <p>Following this, we will also be learning how to find the perimeter or shapes before beginning our fractions topic.</p>	<p>In our reading lessons this half-term, we will be reading a new class text – How to Train Your Dragon by Cressida Cowell. We will explore this exciting text as a class while developing our understanding of its characters, events and themes.</p>	<p>This half-term, we will be learning how to write a set of fictional instructions for how to catch a dragon that has attacked our school. Within this, the children will learn how to properly sequence instructions using effective time openers.</p> <p>Our second piece of writing this half-term is a persuasive letter. In this topic, we will be learning how to use persuasive language to convince a local shopkeeper to stock Fairtrade food items in their shop.</p>	<p>The children will be learning about states of matter this half-term. We will spend time learning about:</p> <ul style="list-style-type: none"> <li>• solids, liquids and gases and how they are made of particles.</li> <li>• reversible and irreversible changes.</li> <li>• how to set up an investigation and make it a fair test.</li> </ul>	<p>In PSHE, children will be learning about their feelings. They will be learning about how to express their feelings, manage their feelings and how to deal with jealousy.</p>	<p>In our geography lessons this half-term, pupils will be exploring the topic of ‘food around the world’ alongside their Fairtrade learning theme. In our lessons, we will consider the distribution of the world’s biomes and explore the journey our food takes from its origins to our plates. We will also spend time exploring the concept of Fairtrade and why it is important that farmers are paid fairly for their work.</p>
Computing 	Art & Design / Design Technology 	Modern Foreign Languages- French & Mandarin 	PE 	Religious Education 	Music 
<p>In Computing lessons, children will be creating animations using Purple Mash. Within the animations topic, they will learn how to animate their own object, use different tools such as onion skinning and adding backgrounds and create stop-motion animations.</p>	<p>‘Painting and mixed media, light and dark’ is the theme for our next art topic. The children will be developing skills in colour mixing, focussing on using tints and shades to create a 3D effect. They will experiment with composition and applying painting techniques to a personal still life piece.</p>	<p>In French, the children will be learning how to describe different body parts found above the neck e.g the colour of their hair and eyes.</p> <p>They will also learn how to use the correct position of adjectives in a sentence.</p>	<p>This half term in PE, Y4 Muhammad Ali Class will be swimming once a week on Friday and learning football in their weekly PE lesson. Y4 Marley Dias Class will also be developing their football skills while also taking part in orienteering lessons.</p>	<p>The children will learn about the different faiths that are shared in our country. They will find out about the different faiths in our local community and learn bits about these.</p>	<p>Children will explore sounds, pitch, melody and tempo within the topic ‘Recycling’.</p> <p>.</p>
