<p>In maths this half term, pupils will continue to learn multiplication, solving problems in the 2x, 5x and 10x times tables. We will learn about measuring using standard measures, such as centimetres (cm), metres (m), grams (g), kilograms (kg), millilitres (ml) and litres (l). The children will also learn to identify <math>\frac{1}{2}</math>, <math>\frac{1}{3}</math>, <math>\frac{2}{4}</math>, <math>\frac{1}{4}</math>, <math>\frac{3}{4}</math> of shapes and amounts. Finally, the children will be applying all their mathematical knowledge to solving problems in different contexts and consolidate their learning for the year in preparation for Year 2 assessments.</p>	<p>In Phonics, the children will be focusing on developing fluency through a range of texts.  In reading, we will continue to focus on our reading skills – infer, retrieve, summarise and predict. We will read ‘The Egg’ and the story ‘A Dragon Machine’. We will also read a wide selection of other non-fiction books about castles to gain knowledge about castles.</p>	<p>In writing, we will learn about the features of a recount and write our own recounts based on our trip to Skipton Castle using lots of exciting and ambitious vocabulary.</p>	<p>Children will learn about the different ways to maintain a healthy lifestyle. They will learn about what foods we need to eat to gain the right nutrition and keep a balanced diet. They will also learn how good hygiene, sleep and lots of exercise all contribute to keeping them healthy.</p>	<p>In this unit, children will explore the question ‘What helps us grow and stay healthy?’ They will build upon their prior knowledge of the Science unit about how we take care of ourselves. They will learn the different things that help their bodies to be healthy, including food and drink, physical activity, sleep and rest.</p>	<p>This subject is not covered this half term.</p>
<p><b>Computing</b></p> 	<p><b>Art &amp; Design</b></p> 	<p><b>Modern Foreign Languages- French &amp; Mandarin</b></p> 	<p><b>PE</b></p> 	<p><b>History</b></p> 	<p><b>Music</b></p> 
<p>In computing, we will be continuing to utilise our Chromebooks in all areas of the curriculum. We will also be learning how to use spreadsheets, edit, save and adding images. Children will also a table of data on a spreadsheet and will use the data to create a block graph.</p>	<p>In DT, we will be researching the different parts of a castle and then designing and making a functioning portcullis using a slider mechanism to lift and drop.</p>	<p>This subject is not covered this half term.</p>	<p>Target Games: Pupils will practise controlling the direction and force of objects like balls or beanbags to hit a specific target. These games encourage accuracy, hand-eye coordination, and focus, while also promoting teamwork and fair play. Simple activities, such as rolling a ball to knock down pins or throwing beanbags into hoops, allow children to build confidence in their movement skills and enjoy physical activity.</p>	<p>In history, we will be learning about the social history of people who worked in and around castles and how castles have evolved throughout history.</p>	<p>The children will be introduced to famous pieces of composition. The children will interpret a storyboard with sound effects and develop their own ideas using sound and percussion.</p>
